

Good morning everyone. In January, he returned quickly. Did you have a good day?

The expansion of the new type corona virus in Hiroshima Prefecture continues every day, but it is praying that everyone will be careful and will be able to spend well. Since we celebrated the birth of Jesus, we read the work of Jesus from the gospel. I hope to learn from the gospel away from the apostles.

In such a thing, I read the story of Jesus who had delivered the salvation to the lady of Samaria in John chapter four. In today's place, Jews began to persecute Jesus and began to aim to kill Jesus more, but this is exactly what the gospel of John says.

1:10 the word was in the world. The world was made by the word, but the world did not accept the word.

1:11 the word came to his people, but the people did not accept.

It seems to be an event that this word realizes.

In this way at John 4:6," Jesus is tired of traveling", this word hits our breasts. Tired of traveling, this word is tired of traveling through the refusal of the people who did not accept their own people who came to their country, but did not accept them, because they had walked to the hot place and learned physical fatigue and thirst It seems to point to such a thing.

The lady of Samaria came there. This person was not able to look at other people, and it was the person who did the heavy labor of the water drawing to avoid the people in the daytime at 12 o'clock in daytime.

The conversation starts while Jesus talks about drinking water. And I know that this person was a long-awaited Messiah. "I know that Messiah, who is called Christ, will come, and when he comes, let us know everything." Said the woman.

When he was dedicated to the worship in the land of Samaria, it was thought that the people of Jerusalem were thought to be out of the way, and they were not taken to them, were avoided, despised, and thought that they were being cut from God. In this way, we will see the Messiah

called Christ and let us know everything. " We believed that comfort and salvation could be gained by us.

Jesus said, "Ladies, believe me, and you will come to worship my father, not in this mountain or in Jerusalem.

23 but the time will come when those who worship will worship their father with spirit and truth. Now is the time. For he is asking for those who worship.

4:24 God is the spirit. Therefore, those who worship God must worship with spirit and truth. " In this Samaria, which is not the temple of Jerusalem, which is not the capital of the northern Israel or the Samaria, the capital of the northern Israel, people who worship God with spirit and truth from the bottom of the heart, from the heart of repentance, by the atonement of Jesus' crucifixion. And she said, "I am talking to you," she said, "it is me who is talking to you." The woman became glad and glad.

Because of the joy of being mesmerized by the Samaritan who is being avoided from the Jews and the Samaritan who has been sparked from among the Samaritan, she put an important bottle of water, even in front of those who had broken up so much It is said that this might be Messiah.

God was waiting for Messiah in the land which was thought to have been cut off from God, and it was said in the place where it was said in the house, and it was possible to meet Jesus and to be glad to talk to other people, and God had a glad meeting. I had an encounter in faith.

From that, "my food is to make the will of the one who has sent me, and to accomplish the work." It might have been said.

Why are Jews so stubborn? It might have been a continuation of the fatigue of travel and the thirst of thirst.

This wonderful encounter in the land of Samaria, was there. It must have been the power from God who gave me joy and vigor in my heart like my food and gave me vitality.

I have prepared food from the God of my father. It is a good encounter, like a pleasant food that supports life, from a mouth, a sense of satisfaction, and a sense of satisfaction, even in

persecution, and then sent It is said that there is a meeting with one who is used and needs me. This is my food. It is the power of God that leads me from now on, and it will cling to this. Thank you very much for being able to live with me with the food, encourage me, and proceed to the sent work.

Even in the place where he heals the son of an officer, he said to him, "Lord, come home before you die." He believed in the words of Jesus. " Such a religious meeting was equipped. The man who went back home came to see his loving child healed as he believed.

I am happy to believe that Jesus has certainly been sent from God and came for salvation, grace and blessing.

There was a meeting with people who suffered from illness in 38 years. Waiting for the movement of water. When the water came down to the pond, and the water moved, and when the water moved, it was healed even if it fell into the pond in the first place. But he had no one to help them for 38 years. Rather than to the people who come from behind and behind, they have been sorrowful and sad. And Jesus sent him at last in front of him.

6 Jesus saw that he was lying and knew that he was sick for a long time, and said, "do you want to be good?"

I wanted to be good, but I've been looking for a chance for 38 years long without leaving this place. If it is said that I want to become good for this person who wants to be good at this place, I will be confused.

7 the patient answered. "Lord, there is no one who will put me in the pond when the water moves; and as I go, others go down."

This might be the reality of the world indeed. People who advance in the competitive society ahead of me ahead. It is very lonely that there is no person in the 38 years who says that you should go ahead because you have suffered long. 38 years For too long a year, this man was fighting solely against his illness and fighting solitude. Jesus came there. Do you really want to get better? Do you work properly? Why are you lying so long? "Lord, there is no one who will put me in the pond when the water moves; and as I go, others go down." I am an unavoidable existence. Who will help me? God sends us the Savior, even when there is no room for salvation.

8 Jesus said, "Climb up, carry on the floor."

This word seems to be a bizarre word like a cold, disgusting person. Even if it is said that it rises, I might have thought that it is possible to do so. Although it is thought that it was an unintelligible word, there is no way, but the Bible doesn't say that it has healed because it responded to the word of the rise here.

5:8 Jesus said, "Climb up, carry on the floor."

5:9 the man soon became better and carried on the floor. The day was a Sabbath.

He was able to walk by carrying the floor because he got better quickly. Jesus said to him, "get up and take the floor and walk." God has been able to solve the fact that he could not do anything for 38 years.

Bethzta means the house of pity. But for this 38 years he could not touch his compassion. He may have felt guilty to someone around him. I wonder why there is no gentleness that makes me ahead of him.

But at last the time came, and he walked up to him from Jesus and raised his feelings of "want to be good".

But that day was a Sabbath. So the Jews spoke to those who had healed the disease.

10 and the Jews said to the people who were sick. Today is Sabbath, so it is not permitted by the law to carry the floor. '

5:11 But the man replied, "the man who has made me said," take the floor and walk. "

5:12 they asked, "who told you to carry the floor?"

5:13 but the man who was sick was not aware of who it was. For Jesus was left while the crowd was there.

5:14 Jesus came to meet the man in the temple grounds. "You've got better; you must not

commit sin, or worse,"

5:15 this man went away and told the Jews that Jesus had saved himself.

5:16 for the Jews began persecuting Jesus. For Jesus was doing this on Sabbath.

Jews start persecution Jesus. Jesus healed this person after knowing that there was a problem if he healed this person on a sabbath day.

The word "become healthy", "become healthy", "healthy" appears 5 times today. (sections 6, 9, 11 and 14)

I know that he has been waiting for the people who have been sick in the past 38 years so that he will be able to heal and heal his heart over and over again. Jesus was not afraid to be the cause of persecution.

17 Jesus answered, "My father is still working, so I work."

5:18 for the Jews increasingly began to kill Jesus. It is because Jesus called himself his father, not only breaking the Sabbath but also his God.

"My father is still working." We are not going to take care of our compassion, and we will be watching the night without taking any rest. (poetic 123:3)

Just now, God is working for this moment, and the Father God is working to save and help people. I work without stopping and stopping.

Jesus will tell me that I will work because I want you to send me. With Jesus God, we will always be guided to ensure that we can be healthier and healthier without rest.

God gave us the law. God was told to protect the law. But he taught us that he was made a law for man, and that he was not made for the law.

Jacob 2: there is no compassion to those who do not make pity to thirteen people. Mercy

overcomes judgment.

This person who continued suffering for 38 years. For those who dwelt every day that it was no good today and again today, the LORD would not delay his salvation for a day.

On the sabbath, you will learn that God must not stand up, and keep on lying on the floor, that God is not a cruel excuse. God is full of compassion and love and healing business. It is the one who thinks that it does not want to stretch oneself for the rescue, and to give health, and want to stretch the pain for a further day. If so, we can't think that God is not answering to the prayer immediately, and that God has something to do with us.

God is the one who keeps working for us without rest until today. And Jesus also continued to work for us, and now we pray and pray with God the father.

Next is the time we continue to work for God together with the work we continue to work for. In order to be good, for the sake of being healed, there is no one who can help solitude, and for those who can't stand up and wait for long to come and help. Jesus went to the path to help this man without fear of persecuting and murderous intent. I hope that you will also work this way if God is working so well.
